

03 April 2020

Dear Parents/Carers,

I sincerely hope that you are in the best of health, as is your family. It doesn't seem like only two weeks have passed since we had to close our doors to the vast majority of our families and pupils.

I understand that this is such a worrying time for everybody, especially now as the expected peak in cases is about to occur. It's important to remember that we are all still adjusting to the reality of life changing so abruptly. As we reach what would have been the end of term and the start of the Easter holidays, it's important that both you and your children put the learning to one side, take some time to sit, rest and relax and enjoy the good weather that's forecast whilst we have it- even if it is just in your garden or your front step!

At times of stress, we work better in company and with support so it's important to try and keep in touch with friends and family, by telephone, email or social media. We are in school every day from 8 am -3.30 pm, with staff working on a rota basis to ensure school remains open for the children of critical workers and the more vulnerable children in our Moorfield family. During this time, if you need advice or help from your child's class teacher, or you just want to touch base with us, please contact us on our temporary email address: teachers@moorfieldwidnes.co.uk and we will do our best to respond when we can. Please continue to use the usual school phone number and email address for all other matters. As well as thinking about the children or young people in your care, it is important to take care of your own mental health and wellbeing so we're always at the end of the phone if we can be of any help.

We are keeping you all our thoughts and as a school community we are blessed with the support we are affording each other. Stay safe and take care of one another.

Love and thanks

Kathryn Heyes
